## HAPPY 85<sup>TH</sup> ANNIVERSARY, EDUCATORS CREDIT UNION!

In 1937, Educators Credit Union began in Racine, Wisconsin and was known then as the Racine Teachers Credit Union. There was no place for teachers to save or borrow money then, so teachers formed a financial cooperative – a credit union.

Throughout the next 85 years, the credit union underwent a name change, launched a website, opened 23 branches, designed a plethora of digital services, and welcomed over 214,000 members. These members are not only teachers, but government workers, healthcare professionals, customer service representatives and hold just about any other job you can imagine.

Although we've grown tremendously over the past eight decades, **we remain committed to educating and empowering members** to make financial decisions that are right for them.

Thank you for a wonderful 85 years!
