⁴An earnings credit will be calculated on the collected average daily balance. The earnings rate is determined monthly by the credit union. Charges are subtracted from the earnings credit. A negative net difference will result in a net charge for that statement cycle. A positive net difference results in no charges for that statement cycle. Positive net differences are not paid to the account or carried forward to the next statement.

⁵An item is a cashed or deposited check, a check written from your business account, an ACH deposit or withdrawal from your account, or a deposit made to your account.

⁶Bill Pay is \$15 per month for business accounts
