

Online Banking – Language Preference Settings

You can now use Online Banking in English or Spanish! If you wish to change your language:

- 1) Before entering your Online Banking password, click on the bar at the bottom of the page that says “Español” or “English.”
- 2) Click the “confirm” button to complete the process.
- 3) The site will now use the language you selected.

The screenshot shows the top of the Educators Credit Union website. The header includes the logo, navigation links (RATES, CONTACT US, FIND A BRANCH OR ATM), and a search bar. Below the header is a 'Log In to Online Banking' section with a login form (username: toby2014, password masked), a 'Not registered yet?' section, and a 'Need help?' sidebar. A mobile device promotion is also visible. The footer contains contact information, routing number, social media links, and a circled '1' next to the 'ESPAÑOL' link.

The screenshot shows a 'Locale Change Confirmation' dialog box. It contains the text: 'Changing your preferred language affects all member-facing text, including messages and notification alerts.' There are 'Cancel' and 'Confirm' buttons. A circled '2' is placed over the 'Confirm' button.

Note: The site defaults to English for all members. Once a different language is chosen, the site will maintain that setting within Online Banking and our mobile apps. Spanish language preferences may not be available for all ties to third-party sites.
